- HR Department
- Security Department
- BDU Department
- TTC Department

Guidelines of practices for our major policies are also included in the appendix section.

To conform to the ISO26000 core theme framework, in Dec 2016 we compared former policies with the standard and integrated them into one document.

- Whistleblowing Policy –has been added; Sustainable Procurement Policy –has a new name (previously the “Purchasing Policy”)
- The “evaluate suppliers’ sustainability performance through their pursuance of the Supplier CSR Code of Conduct of TMA” item – has been added

We also compared our other former policies to the ISO26000 standard to ensure conformity.

Our CSR goal is sustainable operations and growth. The CSR Policy is supported by detailed policies and guidelines for implementation. Further, the CSR policies may be modified, from time to time, by the Executive Committee of the Company on the recommendation of the CSR Committee.

All employees are expected to conduct themselves in line with CSR policies without exception. Any violation will be reviewed by the department head or the CSR Committee with appropriate disciplinary measures.
